

CPSM[®]

Certified Professional in Supply Management[®]

The CPSM is globally recognized as the gold standard of excellence for supply management professionals in both the manufacturing and non-manufacturing sectors. Built on an in-depth analysis of supply management functions across industries, the program addresses the realities of supply management, as well as workplace complexities including globalization, use of technology, and expanded competencies that procurement and supply chain professionals employ to drive value in their organizations.

By earning a CPSM, you attain a greater understanding of end-to-end supply management and are better positioned to positively impact your organization.

AREAS OF FOCUS

The CPSM emphasizes the major competencies of supply management including:

- Business Acumen
- Category Management
- Corporate Social Responsibility
- Cost & Price Management
- Financial Analysis
- Legal
- Logistics Management
- Negotiation
- Project Management
- Quality Management
- Risk
- Sales & Operations Management
- Sourcing
- Supplier Relationship Management
- Supply Chain Planning
- Systems Capabilities & Technology

ELIGIBILITY

Candidates must have a minimum of five years of professional supply management experience without a degree

OR

Three years full-time, professional supply management experience with a bachelor's degree from an accredited university (or international equivalent)

ESTABLISH YOUR CREDIBILITY

Demonstrate your knowledge and mastery of a curriculum that is recognized and respected across industries.

ADVANCE YOUR CAREER

Companies seek candidates who engage in continued education. Plus, the ISM Salary Survey shows those who hold a certification earn, on average, more than those who don't.

INFLUENCE OUTCOMES

Establish yourself as a strategic leader with critical and sought-after skills that contribute to organizational goals and outcomes.

CPSM[®]

Certified Professional in Supply Management[®]

Earning a CPSM Certification requires you to take and pass three exams which together cover the main segments of supply management. The exam content addresses today's procurement and supply chain environment and workplace complexities such as risk, strategic sourcing, technology and increased skills needed for supply professionals to drive value in their organizations.

EXAM DETAILS

Candidates are required to take three exams for a CPSM Certification.

Supply Management Core

(180 Questions – 3 hours)

Supply Management Integration

(165 Questions – 2.75 hours)

Leadership and Transformation in Supply Management (165 Questions – 2.75 hours)

Once you pass all exams, you must apply for the CPSM Certification. Exam scores are valid for four years and you must submit your application while exam scores are valid.

COSTS

CPSM Learning System with CPSM Three Exams (Digital Learning System)(inclusive of 7% GST)

Member S\$2059.75

Non-member S\$3,247.45

CPSM Application Fee(inclusive of 7% GST)

Member S\$165.85

Non-member S\$240.75

CERTIFICATION PREPARATION

Self-Study

The CPSM[®] Learning System (print or digital) is a comprehensive study tool designed to help you prepare for all three exams.

- Study at your own pace
- Customize your study plan

Instructor-Led

A subject-matter expert with guide you through your exam preparation in a classroom or online.

- Expert guidance
- Established curriculum

RECERTIFICATION

A CPSM certification is valid for three years. To stay current with changes in supply management, ISM requires 60 hours of continuing education before applying for recertification.
